STATEMENT OF SUBSTANCE OF INTERVIEW

COMMISSIONER FOR PATENTS  
ALEXANDRIA, VIRGINIA 22313

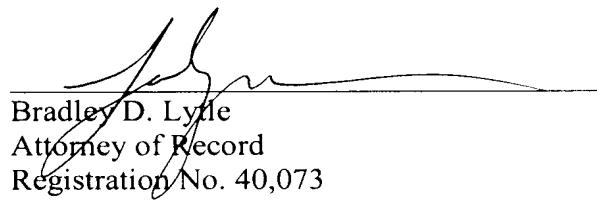

SIR:

Applicants wish to thank Examiner Moon for the interview granted Applicants' representative on November 24, 2009, at which time the outstanding rejections of the claims were discussed. During the interview, the differences between the claimed invention and the Rosenberg et al. reference were discussed. The Examiner agreed that independent Claim 37, as amended in the Amendment filed November 19, 2009, overcomes the outstanding rejections of the claims, but indicated that further search and consideration would be required to determine the patentability of independent Claim 37.

Accordingly, it is respectfully submitted that this statement is a proper recordation of the substance of the interview on November 24, 2009, in compliance with MPEP § 713.04.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
